

REAL-WORLD LEADERSHIP IN THE NONPROFIT SECTOR

David's new workshop Leadership in the Non-Profit Sector was exactly what our leadership team and culture needed. His style balances current theory with practical application. The interactions and activities were fun and engaging; while David's humour and transparency kept the day going without a single boring moment. This was one of the best workshops our leaders have ever participated in and I would strongly recommend it. Any current nonprofit leader who wants to excel would be enriched and inspired by it. **BEN FRY, CEO, ADDICTIONS FOUNDATION OF MANITOBA**

The best workshop on being a Leader that I've ever heard. REALLY encourage your Executive Directors to bring their whole senior staff team so they learn together. This material is all the "stuff" you need to know in practical terms with lots of concrete ideas of "here's what you actually do". David is humorous, energized, motivational and engaging. **PAUL WHEELER, CHAIR - BOARD OF TRUSTEES, COMMUNITY SERVICES BENEFITS TRUST, SURREY, B.C.**

David is a highly gifted trainer and consultant on the topics of risk management, governance and nonprofit management. David has an in-depth knowledge of these topics, and perhaps more importantly, a true gift for sharing this knowledge with others in a way that is practical, helpful, dynamic, engaging and immediately useful for nonprofit organizations both large and small. **JOANNE KAATTARI, EXECUTIVE DIRECTOR, COMMUNITY LITERACY OF ONTARIO**

We started at 8 am on Saturday am and you could have still heard a pin drop at 3pm. After attending his workshop for the second time this year, I had 3 pages worth of 'to do's' of great ideas to improve my performance, that of my team and board and ultimately my organization. What's more, I was able to implement many of the ideas within days of the session because the tips were so practical. **WENDY MACDERMOTT, EXECUTIVE DIRECTOR, UNITED WAY SAINT JOHN**

After two sold out sessions earlier this year and at the request of those participants, United Way of Winnipeg is very excited to again partner with David Hartley in October [for 3 more full day sessions]. An exceptional trainer, David's risk, governance and leadership workshops are met with rave reviews across Canada. His deep knowledge of the nonprofit sector and the content make his workshops a 'don't miss' learning opportunity for Executive Directors, aspiring Leaders and Board members. **LINDA BRAZIER, DIRECTOR LEARNING & INNOVATION, UNITED WAY, WINNIPEG**

MORE TESTIMONIALS about David and NonProfit Help:

No one ever has enough training for this! I would suggest any leader should have this training workshop yearly. David did a great job getting his message across through interaction. Really well done. I still remember certain hooks and phrases!

David had a great way about him. He kept the day moving along quickly but still delivered the information in a way that was easy to follow and understand. He did a great job keeping everyone involved.

The information in this presentation was phenomenal. David was an excellent speaker and is by far ranking among the best I have personally seen.

David has a knack for teaching people without them realizing they are learning.

Excellent! After hearing about one of his earlier presentations, I switched sessions to be in this one and I believe many others did too - the room was standing room only! David was excellent.
